

Firestone

DFMH

DuraForce MH

The DuraForce MH bias tire introduces innovation and technology in the tradition of Firestone racing tires to the material handling industry. The features and benefits of this new design offer reduced operating costs, while maximizing ROI.

SPECIALIZED FEATURES

- **Increased tire life - environmentally friendly**
- **Protective shoulder rib and low profile vertical sidewall reduces sidewall damage**
- **Non-directional tread pattern reduces inventory carrying costs**
- **New tread design reduces ground compaction and surface pressure on hard surfaces**
